Dear Ir. Blackford,

It was kind and thoughtful of you to copy and end the fascinating old account of the "Compowder Plot". I had long forgetten this. I don't think I've thought of it since shood days so long age.

You have an in tore ting and valid comparison. Whese things were to serve similar purposes; and, in fact, did.

The plot to bill Feedors I had forgotten if I ever knew it.

How history does repeat itself.

Again, my themles for your thoughtfulness.

Sincerely,

Herold Weisborg
